Fishing

" Treignes is a small village located in the town of Viroinval in the province of Namur between the Calestienne and Ardennes, close to the French border. For a population of some 700 people, there are not less than four museums, which many could count double. There are also sites that can be visited freely as the Gallo-Roman villa or the old lime kiln. Treignes probably has the highest museums per population ratio in the world! "
